# Safety Equipment

---

## ***Please read carefully...***

Please ensure that you wear appropriate Safety equipment while installing a toilet. Toilets can be heavy and have sharp edges in areas where you might try to pick them up .

We advise that a second person is present to assist with lifting the toilet when required.

# Safety Information

---

## ***Please read carefully...***

- ✓ Check that all parts are included.
- ✓ We recommend that installation is performed by a qualified installer.

# Installation

---

## ***Parts needed:***

High level flush kit

If installing the cistern to an outside wall please use the included spacing washers to prevent thermal shock and condensation.

Please note - The ornate fixing brackets are for decorative purposes, you must ensure that the cistern is firmly and securely fixed to the wall.

Refer to the installation guide provided with the cistern for installing the flush mechanism.

## Aftercare

---

Clean any marks with a soft dry cloth, for stubborn stains please clean with mild soapy water and buff out with a soft cloth. DO NOT use abrasive or acidic cleaners, if you are unsure, please contact us first.

## Your Guarantee

---

- To find the specific guarantee for your product please refer to the website.
- The guarantee starts from the date of purchase.
- The guarantee covers you against issues caused as a result of manufacturing related issues, it does not apply to issues that are found to be a result of poor installation.
- Labour costs for installation of the product are not covered and the guarantee does not cover you for consequential loss.

## Recycling and Disposal

---

Please recycle the packaging in accordance with your local government regulations on waste handling, and follow the same advice at the end of the products life.

Product - Ceramic, steel

Packaging - Cardboard, plastic
